

NEMO

COMMAND YOUR OWN ADVENTURE

WITH THE NEW NEMO SUBMERSIBLE

POWERED BY

U-Boat Worx

NEMO

Discover what makes the U-Boat Worx NEMO submersible one of the most sophisticated pieces of underwater technology available.

Revolutionary design; personalised for individual use.

BASE SPECS

GENERAL

Occupants	1 pilot and 1 passenger
Maximum Operating Depth	100 meters (330 feet)
Speed	Up to 3 knots underwater
Operational Autonomy	Up to 8 hours

DIMENSIONS & WEIGHT

Submersible Length	280 cm
Submersible Width	231 cm
Submersible Height	155 cm
Weight	2,500 kg (5,510 LBS)

PRICE

Base model NEMO	€975,000 Ex. VAT.

COMMAND YOUR OWN ADVENTURE

PILOT THE NEMO YOURSELF

Experienced submersible pilots have been crucial throughout every design stage of our NEMO submersible. This is the ultimate submersible to drive. Extensive research has been carried out over many years to deliver this state-of-the-art submarine, the NEMO.

SHARE THE FUN

Alongside a qualified NEMO pilot, anyone can take supervised control of the sub thanks to our unique MANTA Controller whereby you can easily hand over steering control to your fellow explorer.

VERSATILE DEPLOYMENT

THE NEMO CAN BE DEPLOYED FROM LAND, FROM A BOAT RAMP OR FROM A YACHT.

At only 2,500 kg (5,510 Lbs) the NEMO is the lightest manned submersible ever conceived. With its low profile lines the submarine stands only 1.55 meter (5 feet) above the deck. With these two key features the NEMO is suited for a much wider range of applications and will fit on a broader variety of ships. And because of the low weight the NEMO can even be towed behind a car.

COMPACT AND LIGHTWEIGHT

The NEMO submarine is the lightest submarine built to date. It has a single lifting point and can easily be placed on a flat surface without the need for a cradle or davit. Onshore, or ship-board, the NEMO is easily deployed.

SMALL FOOTPRINT

THE NEMO IS SO SMALL IT REQUIRES LESS STORAGE SPACE THAN TWO JET-SKIS.

STRENGTH IN NUMBERS

SERIES PRODUCTION

The NEMO is the only series-produced submarine in the world. Whereas custom submarines are built-to-order. The NEMO is to be readily available after the first demand for production has been met. As a result of this series approach, you can become a NEMO owner starting at €975,000 (Ex. VAT).

ORDERING YOUR NEMO

ONE OF THE STRENGTHS OF THE NEMO IS THE STREAMLINING OF THE ORDER AND TRAINING PROCESS. AFTER ALL, YOU CAN'T WAIT TO PILOT YOUR OWN NEMO

STEP ONE

“CONFIGURE YOUR NEMO”

The NEMO is a series-produced submersible, which means we are able to build these subs at a pricepoint that is unprecedented in the industry. The NEMO will be able to be personalised with a choice of standard options – colour, lights, sonar.

COMPONENTS

NEMO (BASE MODEL)

Colour	High-Gloss White
Interior	Black leather
Airconditioning	Yes
Wireless communication	Yes
Spot lights	4 high-intensity spotlights
Flood Lights	1 high-intensity floodlight
Price	€975,000 Ex. VAT.

ADDITIONAL LIGHTS PACKAGE

Spot lights	6 high-intensity spotlights
Flood Lights	3 high-intensity floodlight
Price	€32,000 Ex. VAT.

SONAR PACKAGE

A high-tech Sonar acts as a second pair of eyes, especially in low-visibility conditions. The compact size and ultrawide field-of-view (FOV = 130°) makes this the most efficient and effective forward-looking imaging sonar system available today.

Price	€30,000 Ex. VAT.
-------	-------------------------

MANIPULATOR ARM PACKAGE

A 5-function manipulator is installed on the submersible with the ability to retrieve small objects from the seafloor

Price	€60,000 Ex. VAT.
-------	-------------------------

UNDERWATER NAVIGATION PACKAGE

Upgrading to the Underwater Navigation Package equips the NEMO with a USBL (Ultra Short Baseline). A very advanced USBL system is available that relays GPS data to the submersible's on-board computer via integrated underwater modems.

Price	€30,000 Ex. VAT.
-------	-------------------------

VISUAL PACKAGE

The base colour of the NEMO is a high-gloss white exterior with black leather interior. An upgrade package is available which lets you choose a custom colour for the exterior as well as a different colour leather interior.

Price	€30,000 Ex. VAT.
-------	-------------------------

STEP TWO

“ORDERING YOUR NEMO”

When you have selected the options you would like added to your NEMO submersible you will be ready to order. Your NEMO will be built in a series approach, so you can become a NEMO owner starting at €975,000 (Ex. VAT).

STEP THREE

“BECOME A PILOT AND RECEIVE YOUR OWN NEMO”

Ordering your NEMO is one thing, becoming a qualified pilot is another.

U-Boat Worx offers certified training courses to any purchaser who orders a NEMO submersible.

The training consists of 12 days full-time training at our facility, Sub Center Curaçao (SCC). Here you will learn everything you need to know to become a certified submersible operator. After you have completed the requisite training, you will be handed the keys to your own NEMO submersible, subject to prior qualifications gained as a pilot. Your NEMO can be delivered to either Curaçao or The Netherlands.

STEP FOUR

“ADVENTURE AWAITS”

AFTER REQUISITE PILOT TRAINING, YOU WILL BE READY TO SET OUT AND EXPLORE IN YOUR OWN NEMO SUBMERSIBLE.
